GENERAL NEWS.

(BY TELEGRAPH TO THE OREGONIAN.)

Clearing House Comparisons.

NEW YORK, Dec. 31.—The Public omits its usual weekly table of clearing house exchanges in this issue and compares the month with last December, and the year with 1878. The year's comparison shows there has been an increase in the volume of business during the year at every city except San Francisco and Providence. Though losses appeared in every month save one until November, the gain during the last two months nearly overcame them.

The gains in all cases have become larger toward the close of the year, notwithstanding the fact that some improvement had appeared in the closing months of 1878. As the desired encouragement that can be given by increase in the volume of business is given in the returns for the year. The Public adds: The consideration of the serious question which they suggest, whether the advance in prices and increase in the amount of transactions have not been too rapid, so that improvement has already become unhealthy, feverish and uncertain of endurance.

It is deferred with other comments until the complete returns have been received for the month. The San Francisco percentage of decrease is 14.4 and for the year, 31.9. In New York the balances paid have never been larger in any year since the clearing house was organized and exchanges have not been larger in any year since 1872. The last half year has recorded transactions only 1-7th less than those of entire year 1876. The exchanges here for the quarter just closed have been the largest ever known since the gold transactions were cleared separately except those of last quarter of 1872. The larger proportion of balances to exchanges probably indicates that the proportion of the transactions arising from speculation in stocks is smaller and the proportion arising from other business larger than in 1872. Abundant other evidence to that effect can certainly be cited, and it may safely be said that exchanges arising from other than speculative transactions have been larger during past quarter than ever before.

Murder—Suicide.

BURLINGTON, Iowa, Dec. 31.—A terrible double tragedy occurred here at 3 o'clock this afternoon; James A. Woodward, the only son of ex-Mayor Woodward, and himself a [illegible] agent here, shot and instantly killed Edward Price, a young man and machinist, of somewhat unsteady habits, and then put the pistol to his own head and fired with fatal effect. Two years ago Price, who was twenty years old, married the [illegible] sister, then 15 years old, of Woodward, and lived with her unhappily for a time, after which they separated and Price went [illegible]. He returned recently and a reconciliation followed, but it lasted only a short time, and was succeeded by another separation and by successive quarrels between the [illegible] and the husband. The former was exceedingly bitter, especially because Price [illegible] away a child which was the result of the ill-assorted union. After frequent [illegible] Woodward made a threat to shoot Price on sight. Price to-day hearing of this threat went with considerable display into Woodward's store with the result above stated.

Arrested for Libel.

[illegible], Dec. 31.—Richard Smith, of the [illegible], was arrested at 1 o'clock to-day on a warrant sworn out by Chief of Police Wappenstein charging criminal libel. The matter which gave rise to the warrant was an interview published on Tuesday in the *Gazette* charging Wappenstein of complicity with [illegible]. Mr. Smith was released on his own recognizance.

Judge McCrary's First Decision.

DENVER, Col., Dec. 31.—Judge McCrary of the United States circuit court has been in [illegible] for the past few days, and, as Judge, delivered his first opinion to-day in the grand [illegible] railroad cases. Under it the Rio Grande is granted the prior right to the first fifty-six miles of right of way from Canyon City to the South Arkansas, providing that that company pay the Santa Fe Co. $1,015,000 for work performed as shown by report of the court commissioners appointed to establish the value. The Santa Fe is accorded the prior right of way from the South Arkansas to Leadville. It is held by the commissioners in their report that at all points on the projected or completed line there was width for two tracks. The court further decided that either road may construct a second track beside the track of the prior occupant. A decree will be entered Friday. The matter has been in the courts for a year, and prevented the building of the Arkansas to Leadville. Even now it is hoped that the matter will be taken to the supreme court.

Gen. Hatch and party arrived at Indian [illegible] to-day.

Court Decision.

The circuit court to-day announced decision in open court in the contest between the Denver and Rio Grande Railroad Company and Atchison and Topeka Company over the possession of the Grand Canyon of the Arkansas. This case has absorbed much public attention and created deep public feeling. The court decides that the lease and [illegible] papers executed at Boston in [illegible] 1878, have no relation to and do not [illegible] controversy and therefore the mandate of the United States supreme court, [illegible] April, adjudging the Denver and Rio Grande Company to have the prior right [illegible] and build its road in the canyon, must be enforced. The court decides that the [illegible] company must deliver to the Denver and Rio Grande the entire line, with [illegible] from the mouth of the river in [illegible] places or by a parallel line adjacent. The formal decrees are yet to be prepared. As to the line from South Arkansas to Leadville, 60 miles, the present graded [illegible] is awarded to the Atchison company. The topography of the country admits of the construction of other lines. The Denver company has filed its petition to pay or [illegible] money to cover cost at once, and have immediate possession given it, so that it [illegible] on and finish its line to Leadville.

Prosperous Leadville.

LEADVILLE, Dec. 31.—The *Chronicle's* annual [illegible] report of Leadville for the past year [illegible] the bullion and ore product $12,032,[illegible]. The mercantile trade of the city is twenty millions. The sales of mining property [illegible] over five hundred dollars, $35,[illegible].

10,847 Majority.

[illegible], Dec. 31.—The board of canvassers have completed the official count. The new constitution is adopted by 59,148; the ordinance adopted by 10,487.

Still a Mystery.

[illegible], Dec. 31.—The death of Mrs. Helen Ward continues the subject of universal comment. The daughter, who, it is thought, [illegible] her mother, will probably remain in [illegible] until Jan. 7th, when her examination [illegible]. The medical examiner made an autopsy on the body of Mrs. Ward to-day, which developed the fact that two shots were [illegible], one of them puncturing but not entering the skull at the forehead, the other entering behind the ear, passing into the brain, [illegible] a fatal result. The bullet in the [illegible] was extracted, it being found [illegible]. The bullet which undoubtedly caused the [illegible] on the forehead was found on the [illegible] of the room. This discovery involves [illegible] in deeper mystery, as a gentleman [illegible] loaned a revolver to the ladies for their protection, states that he left one chamber unloaded.

Freights and Markets.

NEW YORK, Dec. 31.—A snow storm [illegible] by sleet prevented any business at the [illegible]. The dullness of the market was enhanced by it being the last day of the year. [illegible] continue irregular with a tendency to [illegible] lower figure. Railroad freights have been [illegible] active for the past day or two by parties who were about to give up contracts, but [illegible] of them who have again accepted contracts for a year are holding freights until after New Year's, when, it is understood, that a new tariff that is more favorable than the old one will be issued to contracting shippers, thus giving them a slight advantage. It is now said that the agent of the Central Pacific at San Francisco is making contracts with shippers and offers such a favorable tariff that many who are about to quit will renew. [illegible] are all dull. Breadstuffs [illegible] closing stronger.

Good Showing.

CHICAGO, Jan. 1.—The review of the business of Chicago during the year just closed shows it to have been of unprecedented magnitude. Manufacturing has increased largely and trade has been brisk in all its branches, nearly every house having more orders than it could fill promptly.

Car Shops Burned.

[illegible], Dec. 31.—The [illegible] planing mill and blacksmith shop of the [illegible] car works were burned to-night. Total loss, $50,000; insurance, $30,000.

A Presidential Canvass.

CHICAGO, Jan. 2.—The Indianapolis [illegible] recently instructed its correspondents to make a thorough and impartial canvass among the leading republicans of every locality in the state. Their instructions were to ignore their personal preferences and get the most accurate idea possible of the real feeling of those who were interviewed, and were to be taken without regard to their known preferences. The result from 1150 interviews was favorable to Blaine, 324; Sherman, 51; Grant, [illegible]; Hayes, 51; Washburn, 23; Garfield, 5; [illegible], Fremont and Edmunds [illegible], and the rest scattered. In view of the [illegible] position of Indiana, the [illegible] of preference are considered more than ordinary statistics.

The Reporter with his Little Anger.

NEW YORK, Jan. 2.—Parnell, in an interview says: "I consider the English government ought to relieve the distress in Ireland, and we have been watching and waiting to see whether the government would fulfill its duty in this respect. Finding that it did not, the land league decided just before I left Ireland to receive subscriptions for the relief of the distressed, and we feel ourselves compelled to say, although our primary object is to raise money in aid of the land league, that if any charitable Americans desire to entrust us with funds for the relief of the poor in Ireland, we shall be happy to receive them and apply the money, through our local organizations, according to the wishes of the donors. But it would not be necessary for me to come to America simply to ask assistance for the distressed Irish. America would send relief as soon as she knew of distress. In the famine of 1847 she sent assistance before England, and she has done the same this time." Parnell then [illegible] to give a brief history of the land question up to the present time, and a description of the rise and progress of the present land government. He adds: "I expect to remain in New York a few days to attend a meeting which I understand has been arranged for; after that much will depend on the plans made by the American committee, but I expect to go next to Boston, then to Philadelphia, after which I shall go south a short distance and work around to St. Louis. Then I shall probably go to Chicago. From this point my plans are uncertain, as I wish to go to Canada and San Francisco, and do not know whether I can do both or not. I shall do my best to go to San Francisco and may perhaps visit Canada before going west. Mr. Dillon will accompany me throughout, and I hope to be able to induce him to remain behind when I leave America, to continue the work, but my return depends on events at home."

Preparations for Mardi Gras.

NEW YORK, Jan. 2.—A New Orleans special states that preparations, making for the approaching carnival, are unprecedentedly grand. It lasts from February 9th to the 11th. Royal entertainments will be provided, and 100,000 strangers are expected.

The New Orleans Mint.

NEW ORLEANS, Jan. 2.—The *Times* states that one of the greatest successes in the south is the reestablished mint. Although worked to its full capacity it has not been able to supply the demand for coin, and that the demand has only commenced. The work for eight months amounts to the coinage of 2,887,000 silver dollars and 60,000 gold double eagles. Next season will see the machinery of the mint doubled.

And Still he Goes.

SAVANNAH, Jan. 1.—Gen. Grant and party arrived here at 10 P. M. and were received by the mayor and board of aldermen and collector. The colored military, who had been parading in honor of emancipation day assembled at the depot with a band and when the train arrived gave loud cheers. Gen. Grant was taken in charge by the mayor, the remainder of the party being accompanied to the hotel by committees of aldermen. The colored military, desiring to escort General Grant, a batalion was formed, and a carriage, containing the general and mayor, was escorted from the depot, followed by a large crowd. At the hotel a considerable number of whites gathered, but there was no demonstration. As the general left the carriage and ascended the hotel steps, three cheers were given by the colored military.

Socialist Congress.

PITTSBURGH, Pa., Jan. 1.—The socialistic congress held its last day's session here to-day, Delegate T. C. Brophey of Boston in the chair. An animated debate took place on the report of the committee on platform, which was adopted after several amendments had been made. The preamble and platform do not differ much from that adopted at Newark, New Jersey in 1877. The question of nominating a candidate for president came up at the evening session and was opposed by P. J. McGuire of St. Louis, Winter of New York, and others, and was advocated by A. R. Parsons of Chicago and T. C. Brophey of Boston. After four hours' heated discussion Parsons and Brophey carried their points. Cslen Pink of Kings county, N. Y., A. E. Bishop of Chicago and Osborn Ward were selected, and will be referred to the party. The two names receiving the highest number of votes to be candidates for president and vice president. McGuire of St. Louis, Van Patton of Cincinnati, Wagner of Brooklyn and Winter of St. Louis have persistently advocated coalition, and charges have been made during the session that an attempt was being made to sell out. The congress at 11:30 P. M. adjourned *sine die*.

A Scrimmage.

CINCINNATI, Jan. 1.—A Van Wert, Ohio, special to the *Commercial* gives the particulars of an attempt by Sheriff Stith and others to arrest two men in a house of ill-fame last night, supposed to be the murderers of Bernard Pickers, who was shot near Delphos a few nights ago. One of the men, Groseman, fired on the sheriff, blew out the lights and continued firing until the sheriff and Constable Redmass, were both mortally wounded. The men escaped, but were pursued and one captured with $800 in his possession. He refused to give his name.

WASHINGTON CITY.

Wicked Washingtonians.

WASHINGTON, Jan. 1.—This afternoon as J. H. Morgan, son of Senator Morgan, of Alabama, was walking along G street with a friend they were met by Lizzy W. B. Horton, who suddenly drew a revolver and shot Morgan through the shoulder. Before she could fire a second time Morgan turned and seized the weapon. The wound is not dangerous. Miss Horton began suit against Morgan last July for breach of promise of marriage, since which she has lost her position in the treasury department, and has been generally unfortunate and she claims she has been persecuted. She maintains that her assault on Morgan was unpremeditated and their meeting unexpected, although she [illegible] that she did not kill him.

Debt Statement.

WASHINGTON, Jan. 1.—The debt statement issued to-day shows a decrease of debt for December to be $425,17[illegible]; cash in treasury [illegible].

Bank Convention.

WASHINGTON, Dec. 31.—The total amount of [illegible] national bank circulation [illegible] for year ending [illegible] 1879, was $[illegible] [illegible] which was $1,321,121.

About the Utes.

NEW YORK, [illegible] [illegible] adjustment of definite information of the results of the labors in the peace commission. Army officers from the beginning have ridiculed the efforts which have been made to obtain a peaceable settlement of the Indians engaged in the Meeker massacre. Such men believe that the only way to deal with the troublesome Indians is to kill them, regardless of whether their treaty rights have been trampled upon or not. The people of Colorado are anxious to occupy the valuable mineral lands owned by the Utes, and press dispatches sent from Denver concerning the troubles are designed to create public sentiment against the Indians. The best proof of this is the fact of official dispatches received at the interior department from agents of the government and members of the Ute commission contain nothing calculated to excite apprehension for the safety of Hatch and party of whites now supposed to be en route for Lake City. No information has been received here to indicate that the labors of the commission have been [illegible]. The delays which have occurred in [illegible] the Indians to [illegible] from the statement made by [illegible] Belford of Colorado to-day, relating to the journey of Hatch and others. [illegible] was 150 miles by wagon road and forty by trail to Lake City. Snow is twenty feet deep in the [illegible] and for Hatch to reach Lake City he must cross one of the mountain ranges [illegible] by the wagon road he can only travel on [illegible] horses. From this statement some idea of the difficulties under which the Indians labor in bringing [illegible] the murderers of Meeker and [illegible] can be formed. Belford is doing all in his power to cause the removal of the entire tribe of Utes from Colorado. He desires that the sins of the few [illegible] of the White river [illegible] shall be visited upon all of the Utes in the state. The refusal of congress before the adjournment for the holidays to pass a resolution which involved a rupture of treaty stipulations with the Utes, is considered indicative of a desire on the part of the majority to deal fairly with the tribe. The injustice of taking definite steps to oust the Utes from any portion of their country in advance of a fair hearing of their side of the question, is apparent. Carl Schurz is in favor of removing the White river band from Colorado, and it is more than likely that if the tribe refuses peacefully to abandon their old homes they will be compelled to depart by force.

Railroad Across the Ute Reservation.

Ex-Gov. Hunt, of Colorado, is here looking after the interests of the Denver & Rio Grande Railroad Company. The survey of the route of that road south of Alamosa extends across a narrow neck of the Ute reservation fifteen miles wide and several hundred miles long. By the terms of the treaty with the Utes known as the Brunot treaty, wagon roads have been constructed across this territory for convenience of settlers in San Juan county. While in New York city a few days ago negotiating for the purchase of rolling stock for the road, Gov. Hunt received a notification from the Indian department that the survey must be suspended. He at once came to Washington to see what was wrong. To-day he learned that dispatches had been sent to the commissioner of Indian affairs charging infractions of the treaty upon Hunt's part. These dispatches were signed by a person whom Hunt discharged from service for incapacity. On learning the true state of the case and after consultation with Schurz, he sent a dispatch to the Indian agent at Los Pinos directing him to allow the work to go on. In the meantime he saw Hayt and reminded him that by the terms of the Brunot treaty tracks necessary for the convenience of settlers living near the reservation should be constructed on such reservation. A dispatch sent by Hayt only permits the survey to go on, but decides nothing as to the right of the company to construct its road. Hunt is afraid that there will be serious delay on this score.

BY ATLANTIC CABLE.

To be Rebuilt.

LONDON, Dec. 31.—The North British Railway Company decided that at the next meeting of the board, immediate steps will be taken to rebuild the Tay bridge.

Disarmament of Germany.

LONDON, Dec. 30.—London, correspondent of the Edinburgh *Scotsman*, says he learns on good authority that the attention of the English government has lately been directed to the project of disarmament put forward by Prince Bismarck; that despite the recent qualifying statement, Prince Bismarck has projected a scheme for gradual disarmament, but Austria is the only continental power which has yet given absolute adhesion to the scheme. In diplomatic circles, the correspondent says, it is expected Bismarck will make a declaration on the subject shortly, but there does not seem to be much confidence felt in the integrity of his motives.

Official Relations Suspended.

LONDON, Jan. 1.—A dispatch from Constantinople reports that Minister Layard's note to the porte, in reference to the Mohammedan priest who is reported to be under sentence of death for circulating pamphlets subversive of Islamism, being still unanswered, Minister Layard has suspended official relations with the porte. The British embassy nevertheless maintains semi-official intercourse with the porte, no actual rupture of diplomatic relations having occurred. Meanwhile Sir Austin Layard awaits instructions from Lord Salisbury. Germany and Austria have urged Minister Layard and the porte to come to arrangement in the matter.

Anticipates a Flood.

VIENNA, Jan. 2.—A sudden thaw causes apprehension that Vienna and Pesth will be flooded.

Damage to Shipping.

LISBON, Jan. 2.—The heavy storms at Azores did much damage to shipping.

Famine in Russia.

ST. PETERSBURG, Jan. 2.—The country between the Volga and the Don is famine stricken. Many persons have already perished. The prefect of Touritzin has arrived in St. Petersburg to urge contributions for the relief of people in that place. Famine and typhus fever have appeared.

Loading Grain in Bulk.

LONDON, Jan. 1.—Plimsoll, member of Parliament from Derby and author of the merchants' shipping act, has declared his intention of making an earnest effort to secure legislation to prohibit the loading of grain in bulk.

Arrived.

The bark *W. H. Jenkins*, from Philadelphia for Hamburg, has arrived in the Downs with a loss of five seamen swept overboard.

The Groser Kurfurst.

All attempts to raise the iron-clad *Groser Kurfurst* being fruitless, the German admiralty is considering the advisability of blowing up the vessel with a view of recovering the material in fragments.

Nearly Settled.

VIENNA, Jan. 1.—From a long conference between the British ambassador and the Turkish minister of foreign affairs, it is concluded that the differences growing out of the affair of the German missionary and the condemned priest have been nearly settled.

A Protest.

ST. PETERSBURG, Jan. 1.—The *Golos* protests against the recent attempt on the czar's life being made an excuse for reactionary measures.

Lord Mayor's Fund.

LONDON, Jan. 1.—The Bank of England voted £[illegible] to the lord mayor's fund for the relief of distress in Ireland. The fund now amounts to £[illegible].

Land Meetings.

There were land meetings yesterday at Rathdrum, Wicklow, Tully, near Clifden, Skryne and Sligo. Several thousand persons attended.

Afghan News.

LONDON, Jan. 1.—The viceroy of India telegraphs as follows: "Gen. Roberts reports on Dec. 30th that the force under the command of Gen. Baker, which left Cabul on the 27th, is returning from Kohistan, having destroyed the fort of the [illegible], which was found abandoned. Several Kohistan and Logar chiefs have tendered their submission. The enemy's losses in killed and wounded during the last fortnight are estimated at [illegible]. On the 30th of December Gen. Bright made a descent upon one of the villages [illegible] and took them by surprise."

Search for the Bodies.

[illegible] the bodies have been washed seaward and a boat expedition is being organized to search for them.

Germany and France.

PARIS, Jan. 2.—At President Grevy's reception to the diplomatic representatives on New Year's day, Prince Hohenlohe, German ambassador, addressed De Freycinet, the president and minister of foreign affairs, said in a [illegible] tone, "I am directed by Prince Bismarck, to tell you in the name of my government that, notwithstanding the regret we feel at the departure of Count De St. Vallier from Berlin, we see no reason why our relations with the present cabinet should not bear the impress of the same sentiments of cordiality and peace which we felt and manifested with regard to preceding cabinet. I may add for my own part that I rejoice to be the bearer of these words, which exactly harmonize with the feelings of esteem [illegible] toward yours [illegible] and to enter into pacific relations with you, thus performing an agreeable and reassuring mission." De Freycinet said [illegible] placed at the head of the cabinet a man whose broad and [illegible] views of [illegible] are still known, on whom we can rely to wield the power in a most [illegible] and sincerely [illegible] manner, and in whom we are certain to find a steady [illegible] support." The Republican Counsel's Report—List of Questions to be Submitted to the Supreme Court.

(SPECIAL DISPATCHES TO THE OREGONIAN.)

AUGUSTA, Me., Dec. 31.—It is known at a late hour to-night that Gov. [illegible] concluded the preparation of a series of the questions to be submitted to the supreme court, having worked upon them under [illegible] day. It is understood that the number of distinct propositions to be submitted to the court is about a dozen. Orville D. Baker, counsel of the republican advisory committee, submitted a lengthy statement, regarding the examination of the grounds on which the republican representatives chosen at the September election have been counted out by the governor and council. He reviews the whole subject in detail, taking up and discussing the case of all rejected points, and concludes as follows:

There were eight of the republican senators counted out and eight democrat and greenback senators counted in. The ex [illegible] out 29 republicans elected in the house and six in the senate. As elected by the people the house stood 90 republicans and 61 democrats. As reversed by Gov. Garcelon and his council, it stood 78 democrats, 61 republicans and 12 vacancies. As elected by the people the senate stood 19 republicans and 12 fusionists. When the governor and council were through with the returns the senate contained 20 fusionists and 11 republicans. During the 60 years that Maine has been a state her governors have counted out an average of one man in every four years on technical errors. This year fatal defects sprung up in 87 different districts at once, and all on the republican side.

Questions to be Submitted.

AUGUSTA, Dec. 30.—The following are the questions to be propounded by the governor to the supreme court, and sent to the chief justice to-night:

First—When the governor and council decide that there is no return on which representatives can be summoned to attend and take their seats in the legislature, is it their duty to order a new election? or is it competent for the house of representatives, if it shall appear that there was an election of such representatives, to admit them to seats though no return thereof was made and delivered into the office of the secretary of state?

Second—Is it competent for the governor and council to allow the substitution of other evidence in the place of returned copies of such lists as are provided in article 4, part 1, section 3, of the constitution, to enable them to determine what persons appear to be elected representatives to the legislature by a plurality of votes returned?

Third—Is a return, signed by a majority of selectmen of the town or aldermen of the city, made within the requirements of the same section, valid? Is a return by an alderman of a city, who does not give notice of the votes cast for each person voted for as a member of the legislature and does not show what persons were voted for as such members in any one of the several wards of such city, a valid return within the requirements of the same section?

Fifth—Are returns from towns or cities which are not attested by the town or city clerk valid within the same section?

Sixth—Have the governor and council a right to reject returns of members of the legislature required of the same section from officers of towns which were not made, signed or sealed up in open town meeting?

Seventh—Is the return of two persons purporting to be the selectmen of a town, valid and sufficient evidence of a town, when it appears that there were at the time of the meeting of which election was had, but two selectmen of that town?

Eighth—Can a person who is not a citizen of the United States at the time be legally elected or constituted a selectman of the town?

Ninth—If a ballot has a distinguishing mark in the judgment of the governor and council, such as would make it illegal under the statute, have they authority to disregard it in their ascertainment of what persons appear to be elected, where it appears by official return of officers of the town that such vote was read by the selectmen, subject to objection, and its legality is referred to the governor and council for decision?

Tenth—If the names of persons appear in the returns without any number of votes being stated or carried out against them either in words or figures, is it the duty of the governor and council to treat those persons as having the same number of votes as another person received for the same office and whose name is placed first on the returns, if they find dots under the figures or words set against such person's name?

Eleventh—Have the governor and council the legal right to decide what kind of evidence they will receive, and what mode the proceeding before them shall be to enable them to determine the genuineness of returns required by the article and section of the constitution above mentioned?

Twelfth—If the governor and council have before them two lists of votes returned from the same town, differing materially from each other in the number of votes returned as cast for the same persons, but identical in all other respects, both having been duly received at the secretary's office, and they have no evidence to enable them to determine, which is the true and genuine return, are they required to treat either of them as valid, if so, which?

Those Everlasting Questions.

BOSTON, Jan. 2.—A *Herald's* Augusta special says: It appears that not a single member of the executive council agreed with the governor in his determination to ask the opinion of the supreme court on the questions telegraphed last night. Pillsbury, too, was strongly opposed to the plan; but the governor, backed by Gould, made the concession to public sentiment. But it is safe to say that the governor agrees with the council that the action of the court will have no effect on the result. The count is completed and the certificates issued. The questions are so framed that is expected answers favorable to fusionists will be given, and if by chance the contrary result should take place, nothing can be done about it. Probably Morrill will concur in this opinion. One of the fusion senators elect, Isaac T. Hobson, a Lincoln county greenbacker of republican antecedents, has grieved his fusion friends here by declaring that some of the business of the legislature after organizing ought to be the adjustment of the question of seats, and that nothing else should be done of the "counted in" himself. The fusion managers insist that the election of the governor and council must be proceeded with and the election cases deferred as usual. To settle the contested seats and complete the fraud and bribery investigation contemplated would be to leave everything at loose ends and the state without a governor for weeks if not months.

Quiet Reigns.

AUGUSTA, Jan. 2.—The armed guard at the state house is there only in the night time, and then do not keep at home away who has business at the capitol. The authorities explain that such a force is deemed prudent on account of the threats made in public meetings and otherwise to force, regularly constituted authority. It is very quiet now, nothing of public interest having occurred. The fusionists and republicans will be here in large numbers by Saturday. It is expected that the decision of the court as to the questions at issue will be rendered by Saturday.

EXPLANATION ASKED.

TO THE EDITOR OF THE OREGONIAN:

Some ten days has elapsed since the proceedings of the "Board" were published in the OREGONIAN [illegible] he to make it to a committee of investigation of the next legislature?

It is very certain there has been some crooked work done in this matter, if the statement published is correct, and it looks like a fair statement on its face. The "Board" cannot follow in the footsteps of Grover and Chadwick for eight, or even two, years, in such crooked practices. The people are aroused and will demand explanations when anything like crookedness prevails.

It is the duty of the "Board" to tell the people why property worth $[illegible] belonging to the school fund of the state should be sold without a show of competition being given, for the small figure of $[illegible] when the same property was [illegible] month.

The Deepest Well in the World.

The sinking of the deep artesian well near Buda-Pesth, Hungary, is now completed. The works were commenced as far back as 1868, and during their progress many interesting facts relating to geology and underground temperature have been brought to light. The total depth is 3200 feet, and the temperature of the water it yields is nearly 165 degrees Fahr. The temperature of the mud brought up by the borer was taken every day, and was found to increase rapidly, in spite of the loss of heat during its ascent, down to a depth of 2400 to 2700 feet. Beyond this point the increase was not so marked. At a depth of 3030 feet the temperature was 177 degrees Fahr., giving an average increase of one for every twenty-three feet bored. Water first began to well up at a depth of 3070 feet; here its temperature was 160 degrees Fahr., and from this point onward it rapidly increased both in quantity and temperature. Thus, at 3032 feet, its temperature had already risen to 150 degrees Fahr., and the yield in 24 hours from 3000 to [illegible] gallons. Finally when the boring had reached 3200 feet, at which point it was stopped, the temperature of the water, as it issues from the orifice of the tube, was 175 degrees Fahr., and the volume in yield 272,000 gallons in the 24 hours. The yield was afterwards reduced to 167,200 [illegible] in consequence of the bore being lined with wooden tubes, which reduced its diameter. The water contained [illegible].

"Society Small Talk." "On the young lady's exclaiming, 'How well these rooms are lighted!' the young man might reply, 'Yes, the light of beauty's eyes and you are lending your share, which is not a small one, to the general illumination, the brilliancy of which is almost too dazzling for a poor mortal like myself, to whom it is well that moments such as these are brief; else the reaction would be destructive to my peace of mind, if not altogether fatal to it.'" Young Peter Piper has got his lesson well by heart, and is only waiting to begin for the lovely Miss Rippington to exclaim, "How well these rooms are lighted!" which, unfortunately for him, they are not.

THE IRISH AGITATOR.

Charles Stewart Parnell's Reception of the Committee on Board the Scythia—Reply to Address of Welcome.

(SPECIAL DISPATCH TO THE OREGONIAN.)

NEW YORK, Jan. 1.—Melville Stone, [illegible] as follows:

"I regret that my power of language is not sufficient to convey my appreciation of the kindness and honor that you have done me in meeting me this morning. I feel indebted to you individually and collectively. It has always been a great pleasure to me to see the United States of America. I would have wished that the circumstances attending our visit had been of more happy and prosperous character, but we must hope to believe that the time is approaching when we shall be able to speak of Ireland as other men speak of their own country, and that we may be able to speak of her as really and truly among the nations of the earth. As you have very well expressed in your addresses our task is of a double character; we have to aim against a system which causes discontent and suffering in our country, and we have to endeavor to break down this system, and with God's help we are determined to break it down. We have also seen that the victims of the system are not suffered to perish. In the meanwhile we are to take care that the united strength of our people is not broken, and now, when the opportunity has come for the solution of one of the leading questions on Ireland, that opportunity may not be lost. Physical suffering and misery and starvation of large portions of our population in Ireland has not been exaggerated. We have been calling upon the government for eight months to relieve that distress, but it is only within the last few days that the Irish government has agreed to admit there is any distress. This was brought to their notice by a letter from the Duchess of Marlborough, wife of the lord lieutenant, which stated there was going to be a famine and distress the coming winter. It is what we have warned the government at home and abroad for some time, and only now that it is too well spread for almost any effectual remedy to those rulers in England appear to understand at all their responsibility. We who have been working at this great land question, and have taken the responsibility off the shoulders of the government have not up to the present time made any appeal to the government for relief of the destitution of Ireland; but we feel that we cannot longer shut our eyes to the terrible peril that is approaching, and we think that we ought to put the case before our own countrymen, both at home and here in America and endeavor to enlist sympathy with our efforts. We believe that in this country the sympathy accorded will be generous and noble, despite the effort of the English press to depreciate the merits of the American nation. We know full well our countrymen in America will do their duty as they have in every clime to their suffering brethren at home. In brief, I confidently anticipate the result of our mission. I believe the result will be of such a nature as to give pleasure to us and also give help to other people at home, and I can only conclude by again asking you to believe that I thank you most heartily for your great kindness in meeting us on the threshold of America. Again I thank you. (Applause.)

Mr. Dillon, the companion of Parnell, followed, with a speech in response to calls by the committee. While these exercises were taking place in the saloon of the *Scythia* the vessel was on her way to the dock, where a number of people were assembled and cheered Parnell and Dillon as they appeared. The distinguished Irishmen were driven to the Fifth Avenue Hotel, where members of the several committees were presented.

FROM SITKA AND WAY PORTS.

(SPECIAL DISPATCHES TO THE OREGONIAN.)

VICTORIA, Jan. 1.—The steamship *California* arrived at Esquimalt from Sitka and way ports on Sunday evening, having on board the U. S. mails, a small quantity of freight and 22 passengers. [illegible] reports that the new [illegible] belonging to the Alaska Gold and Silver Mining Company commenced running on the [illegible], and that it was expected the company would clean up about [illegible] of this month. Work in the other quartz mines in Sitka is suspended until the severe weather moderates. There is no later news from Cassiar. At Fort Wrangel there have been heavy snow storms. Trouble is reported to be brewing amongst the Indians there, the difficulty having arisen out of a renewal of an old tribal grievance. The *California* called in at Chican and Departure Bay on the way down, and experienced cold and stormy weather during the entire voyage. She sailed from Esquimalt for Portland yesterday morning.

King Alcohol at Sitka.

PORT TOWNSEND, Jan. 1.—Private letters recently received here from Sitka state that Commander Beardslee had withdrawn his prohibition for the manufacture of hoochenoo. He has modified his instructions in regard to the seizure and destruction of stills, and now permits certain Indians to manufacture and consume it. Further details are expected by the January steamer. It is said that Capt. Beardslee has made a report to the department in justification of his course.

SATURDAY MORNING JAN 1880

THE LAND TROUBLES IN IRELAND

A very forcible presentation of the wrongs which the Irish people have suffered and the causes which have led to the present agitation in that country is made in the current number of the *Nineteenth Century*, by Mr J O'Connor Power. The tone of the paper is moderate and it is calculated to awaken a good deal of sympathy in the efforts which the Irish masses are making to correct some of these great wrongs and establish a better order of things. He begins his paper with the assertion that the main cause of Irish poverty is not to be found in over population or in any want of energy or economy on the part of the Irish people but in the system of land tenure imposed by the imperial conquest. Just what this tenure is he fully explains and there was great need that he should do so since the public at large has had only a vague conception of the difference between the tenure of land in England and Ireland and of the wrongs to tenants that inhere in the latter. In England the landholders as a general thing remain upon their estates and take an active interest in agriculture and the condition of their tenantry. In Ireland the exact opposite is the case. The lords of the soil as a rule have nothing to do with it. They reside for the most part in England or on the continent, rarely or never see their tenantry and do nothing to improve either their condition or that of the lands which they occupy. Most of the Irish working classes are in the worst sense of the word, "tenants at-will." Of the 600 000 farmers in Ireland more than half a million, representing with their families three million persons, have absolutely no security in their homes or their business, but are at the mercy of a few thousand non-resident landlords. On some Irish estates so iron is the rule of the owner that the tenant dare not harbor in his house a stranger, or even a poor relative not immediately belonging to the family unless he wishes to run the danger of being summarily dispossessed without remedy. Worse than this as appears from a report made by a recent commission, on some properties marriages cannot be entered into without the sanction of the landlord or his agent.

Such are some of the aspects of a system of tenure, which Mr Power regards as not distinguishable from "degrading slavery" and which has proved the ruination of Ireland. He points out that it is the interest to put as little into the soil and to take out as much as he possibly can while under a system which would give him a security in his holding and protection against exorbitant rents, he would nurse his farm as the prudent merchant nurses his business. It is not in the nature of things that the Irish cultivator should be as industrious as the peasant proprietor in the Channel Islands or on the continent, for the farmer is liable to be ejected any day while the latter is secure.

Passing from a consideration of his country's wrongs to the remedies which have been proposed, Mr Power defends the land league project as being merely an attempt to induce the state to restore the ancient rights of the tillers of the soil. According to the ancient tenure the soil was held for the benefit of those who cultivated it. The land league, stripped of all ambiguity, is to abolish landlordism and make the cultivators the owners of the soil. But the leaders—however it may be with the rank and file—do not propose to accomplish their purposes by the revolutionary processes of the anti-renters. They ask the state to take the land, give the landlord proper compensation and settle the tenants upon it permanently as tenant proprietors. The cost of the undertaking is estimated at £250,000,000.

Gladstone in his late great speech at Edinburgh, expressed the opinion that the Irish agitation might end in civil war and there will probably be some measures looking toward a remedy for the wrongs, introduced in parliament which, dispatches announce, will meet on the 5th of next month. But unless it is radical, unless it inaugurates a system under which the tenantry can have more interest in the land which they hold, than they ever can have under the present system, it will not long postpone the difficulties with which England stands face to face to day, and which she must meet with a modification of her present land laws or with the strong arm of her military power. The dissatisfaction of Ireland is based upon well ascertained causes and these causes must be removed. It cannot now be shown that they do not exist.

AN INLAND EMPIRE.

The statistical part of a memorial recently presented to congress praying aid to complete the canal at the Cascades, gives succinctly, some of the possibilities of the country east of the Cascade mountains, tributary to the Columbia river. It represents that there are in the six counties of eastern Washington, 398 surveyed townships, equal to 9,169,920 acres. One-fourth of this area in wheat, at 20 bushels per acre, would give a product of 45,849 690 bushels, or 1,375,400 tons. The six counties in eastern Oregon, have 1016 surveyed townships, equal to 16,400 640 acres. One fourth of this area in wheat, at 20 bushel per acre, would produce 82,483 200 bushels, or 2 247,496 tons. Bearing in mind that there is a large amount of unsurveyed land in the said basin of the upper Columbia river it is impossible to estimate, with any degree of certainty, the grand aggregate of this vast country of unsurpassed productive capacity. The transportation of such products would require 9625 steamboats, each carrying 400 tons, to convey it down the river. This estimate is only for tonnage one way. The imports, to the interior, of lumber, coal iron and merchandise of all kinds, would equal in value, if not in weight or measure the exports. These figures reveal the productive power of the upper Columbia basin and the importance of the Columbia river itself, as a highway of commerce.

The national workingmen's assembly was heard from in the senate on the day before the holiday recess began. During a lull in the proceedings Vice President Wheeler read a resolution received from this body to the effect that the introduction of labor saving machinery in the various mechanical departments of the government was "pregnant with evil and dangerous to the prosperity of the people and the perpetuity of human liberty." As the resolution was in the nature of a declaration and called for no action or reference it probably was laid under the table.

Some of the democrats "counted" into offices to which they were never elected by the people in Maine are reported to have resigned, not deeming that Gov Garcelon had any right to counsel them to take the stolen [illegible]. None of the bogus legislators however, have yet intimated that they will give back the swag unless it be [illegible] from them [illegible] stern hand of justice.

The second night of last week was the coldest in San Jose California since the state was settled. It formed more than an inch thick by actual measurement and pumps and faucets were completely frozen. Many tender plants were destroyed, and some of the large [illegible] trees were scorched as by fire. But it is hoped that no much actual damage has been done.

Assistant Postmaster General Brady has been charged with fraud in connection with the star mail routes but denies the charge and [illegible] upon a congressional investigating committee which is about the costliest thing for the country which General Brady could have done.

Reports from Eastern Oregon and Washington indicate that a great many stock raisers rendered confident by a succession of mild winters were unprepared for the late heavy snow and cold and as a consequence will probably lose a great many cattle and sheep.

HOLIDAYS AT ASTORIA.

New Year's Among the Firemen—Old Folks Concert—Trenchard VanDusen Nuptials Etc, Etc

[REGULAR CORRESPONDENCE OF THE OREGONIAN.]

ASTORIA, Jan 1 1880.

New Year's day has been handsomely observed in our city. Beside the customary open hospitality extended to new year callers by the ladies at their several residences No 1's and 2's boys have vied with each other in keeping open house and spreading the delicacies of the season, both in edibles and fluids for the benefit of an appreciating public. Each company had their steam fire engine in splendid condition with enough steam up to blow an occasional salute—the one company to the other. Almost every tax payer in town visited the boys and although the assessments to pay for the machines have been heavy every one of them left the engine houses satisfied with their investments. There was one way the Rescues could get the best of No 1's and that they took advantage of toward evening in the way of a free concert in the engine house by the Rescue Jubilee troupe under the leadership of Ben Horsley and that was immense.

The events of the week have been the Old Folks Concert on Tuesday and a fashionable wedding on Wednesday evening. The concert was given by the Astoria Musical Association under the leadership of Prof Cook and was a grand success. Prof Cook has completed another term with the A M A and the capability of the teacher was most satisfactorily developed in the correct and artistic manner with which every piece was rendered in the Old Folks Concert.

A wedding is of necessity always interesting to the parties concerned oftentimes however to them only. Every Astorian is interested in the Trenchard Van Dusen nuptials inasmuch as both bride and bridegroom were born and reared in Astoria, and represent a pioneer family on each side, widely known and universally respected in every part of the state in which they have lived more than three decades. Curtis J Trenchard the bridegroom is a son of the late Dr Trenchard and Carrie Van Dusen the bride, is second daughter of Hon A Van Dusen merchant and pilot commissioner. The marriage ceremony was performed by Rev A T Perkins rector of Grace (Episcopal) church in the presence of a host of friends who literally crowded the church and many a prayer was breathed for the future happiness of the youthful couple as they retired from the altar and passed along the aisle to the church door.

The old year went out and the new year came in with the usual accompaniment last night—the ringing of bells and the firing of guns and pistols.

MILITARY ITEMS.

[Vancouver Independent January 1st]

Lieut F E Eltonhead 21st infantry returned from San Francisco on the last steamer.

The non commissioned officers gave a hop at the government engine house last evening. The old year was mustered out in a becoming manner, and a general good time was had.

Colonel Granville O Haller, recently restored to the army has been assigned to the command of the 23d infantry by the war department. The regiment is stationed in the Indian territory.

New Year's day is being generally celebrated at the garrison. At noon the officers of the station paid their official respects, in a body to Gen Howard and subsequently made calls upon the ladies of the post.

Gen O D Greene and Col E C Mason gave a reading at the Oak Grove Theater on Saturday, for the benefit of the enlisted men, who were present in large numbers. The subjects were carefully selected from standard authors and well given, and the entertainment fully appreciated and enjoyed by all who attended.

Secretary Schurz has received a dispatch from Gen Hatch that Douglas the Ute chief who led in the White river massacre has not surrendered. The Indians who had been offered in a surrender were not of the ring leaders and Gen Hatch refused to accept them.

Grant and party passed Augusta, Ga on the 31st on their southern trip.

BORN.

Jan. 2, to the wife of John C. Harlow a daughter.

DIED.

In this city, Jan 1 1880 Patrick Norton a native of county Galway, Ireland, aged 60 years, 11 months and 25 days.

Funeral will take place from the residence corner of Washington and West Park streets, at 2 P M to day. Friends of the family are invited to attend.

PATENTED JUNE 13, 1876.

These Goods have been sold during the past three years. All who have worn them pronounce the mode of fastening ABSOLUTELY PERFECT

The many annoyances connected with the old system of Button Gloves are entirely overcome and the following advantages secured:

1st—The perfect ease and rapidity with which it is laced.

2nd—Its adjustability to fit the different sized wrists.

3rd—The advantage gained by *gradually* straining the Kid instead of the old system which ruins so many pairs the first time buttoned.

4th—Strength of Hooks and mode of clinching them. The fastening will outlast any glove which is a very rare occurrence with buttons.

Independent of Improvement in fastening the quality is guaranteed equal, if not superior to any other glove in the market.

SATURDAY MORNING, JAN. 3, 1880.

Numbers of our admirable issue of January 1st may still be had at the business office. This paper contains a vast quantity of just such matter as is of interest to persons desirous to learn of this country, and so is a most appropriate gift to parties in the east. Its statistical tables and various other contents, will also be found of special value for reference in the future. Price, with or without wrappers, 10 cents.

CITY.

A PORTLANDER ABROAD.—A Boston correspondent of the Springfield Republican, has the following to say with reference to a lady who resided in Portland for several years, and who was well known in social and literary circles: "Among the literary notabilities sojourning in Boston this winter is a young woman from San Francisco, Miss Julia Cin[illegible] Jones, a grandchild of De Witt Clinton. Miss Jones (despite her name) enjoys a high reputation as a poet in her California home, and during her stay here she has made many friends in literary circles and received warm commendation from eminent poets, among them Longfellow and Whittier. Miss Jones, who seems to be common with our visitors from the West, has a deep sentimental regard for Boston and manifests a hearty interest in the preservation of our historic landmarks—which cannot be said for the average Bostonian, considering the indifference generally shown at the fate of the old South meeting-house, the old statehouse and the ancient historical places. Miss Jones' principal poetic effort is an epic called "Valhalla," in which she has embodied in strong and graceful verse the grand mythology of our northern ancestors. In this age few people care to go much beyond their grandfathers, but all who are interested in the picturesque and wonderful poetic faith of an old time people who have transmitted to us some of our best and noblest qualities will take much pleasure in this little book. Miss Jones has "done" the literary world hereabouts quite thoroughly. She has spent a day with Whittier, taken tea once or twice with Longfellow at Cambridge, spent a day and a night at Emerson's, at Concord, as the guest of Miss Emerson; and has traveled all over the city, taking in the old and historic landmarks, with an interest and enthusiasm quite surprising to the city people, for whom these long ago lost their novelty and charms."

EMANCIPATION CELEBRATION.—The recurrence of the anniversary of the celebration of the emancipation proclamation, was the occasion of a large gathering at Good Templars' Hall Thursday evening. The large hall was crowded to repletion, and many were unable to gain admission. A very interesting programme was rendered, consisting of addresses by a number of gentlemen, both white and colored, which were characterized by energy, spirit and ability. The large audience was attentive and very orderly, and frequently applauded the speakers. Music of an excellent quality was given between the addresses. The whole affair was very creditable to the colored citizens of Portland, and will be long and pleasantly remembered by all who attended and participated. A splendid supper was given at the close of the exercises, and the occasion ended with a social dance, in which many took part.

[illegible] OF PATRICK NORTON.—Mr. Patrick [illegible] some years proprietor of the Nor[illegible] and an old citizen of Portland, [illegible] home in this city Thursday morning after a long and painful illness. At the time of his death Mr. Norton was aged 50 [illegible] He came to Portland 22 years ago and has constantly resided here ever since. [illegible] was a very industrious man, a [illegible] husband and father, and a good citizen. [illegible] year ago Mr. Norton received a paralytic stroke, from the effects of which he never recovered. For many months he has been a helpless invalid. He leaves a wife, [illegible] and three sons to mourn his loss. Mr. Norton was a member of the [illegible], under whose auspices the funeral will take place to-day.

CAN'T GET THROUGH.—The steamer Em[illegible] left here yesterday morning for [illegible]. However, the steamer was unable to reach a point higher than Table [illegible] in consequence of ice in the river. She [illegible] and will start up again this [illegible] and if possible will get through to [illegible]. The Columbia is filled with [illegible] Multnomah Falls and Rooster Rock. The steamer Idaho did not leave The Dalles yesterday morning at all, as it was impossible for her to reach the Upper Cascades. Should the present weather [illegible] it is hoped through connection on the Dalles will be effected by Monday.

HIGH WATER.—It was reported in town yesterday that there is a great flood in the [illegible] Fork of the Willamette river—in fact higher than has ever before been [illegible] and that James Comstock has had [illegible] a million feet of saw logs. The [illegible] of fire and water, seems to have [illegible] him as a victim this summer, as [illegible] the Comstock Hotel at Albany [illegible] on the 4th of July last, which was the property of Mr. Comstock. We are sorry to hear of his severe losses.

ATTEMPTED SUICIDE.—Michael O'Connor, fifer [illegible] company, 21st infantry, attempted suicide at the garrison at Vancouver on Saturday. On the 18th inst., he was released [illegible] period of six months' confinement, [illegible] this time had been drinking very [illegible] rash act is attributed to drink. [illegible] very low at the post hospital, but his recovery is expected. He inflicted severe gashes on his throat with [illegible] although not discovered immediately was still hacking away.

[illegible] NUPTIALS AT SALEM.—The [illegible] of Mr. Geo H Burnett and Miss [illegible] Belt at St. Paul's church, Salem, [illegible] evening, was witnessed by one [illegible] and most fashionable assemblies [illegible] in the capital city. The attendants [illegible] Misses Althea Moores and Alice [illegible] Geo W. and Alfred M. Belt. [illegible] the ceremony a splendid reception [illegible] the newly married pair by Mr. [illegible] Geo. A. Edes, at their residence in [illegible]

[illegible] O. D. MILLER.—Intelligence [illegible] Portland yesterday afternoon from [illegible] of the death of Mr. Oscar D. Miller [illegible] place. Mr. Miller was a tinsmith [illegible] and well known in this city. [illegible] was very unexpected, and the news [illegible] with sadness by his many friends. The aged parents of the deceased reside [illegible] Lincoln street near Fourth, and they [illegible] with grief at the loss of their [illegible] the remains will be brought to this [illegible] interment.

BIRTHDAY PARTY.—A large number of friends assembled at the residence of [illegible] Kohn, corner Tenth and Maine [illegible] to celebrate the birthday anniversary [illegible] accomplished daughter, Miss Celia. [illegible] evening was very pleasantly passed in [illegible] recitations, feasting and dancing, and [illegible] after midnight the merry company [illegible] night with the best wishes to [illegible] lady for many happy anniversaries.

BURGLARIZED.—Thursday morning the [illegible] watchman in East Portland discovered [illegible] window of Kirk Sheldon's store open [illegible] further evidence that the premises had [illegible] clandestinely entered and robbed by [illegible]. The proprietor having been informed ascertained his loss to aggregate [illegible], principally in revolvers.

[illegible] TO WALLA WALLA.—Messrs. E A. [illegible] and L. W. Wallace, formerly of [illegible] Dodd & Co., will establish a wheat [illegible] and banking house at Walla [illegible] during the coming month, under the [illegible] of Hawley, Wallace & Co. They [illegible] also have a branch at Dayton, W. T.

APPOINTED DEPUTY.—Mr. P. Leonard was appointed yesterday deputy clerk for the U. S. District court. Mr. Leonard is a gentleman of excellent clerical abilities, and the appointment could not have been better selected.

STEAMER SOLD.—The steamer A. A. McCully, owned by Captain J. D. Miller, has been sold to Mr. Z. J. Hatch, of this city. The purchase price has not been made public.

WILL OFFICIATE.—Col. E. C. Mason will [illegible] religious services in the Methodist church at Vancouver to-morrow morning, and Gen. Howard in the evening.

COURT.—The United States circuit court [illegible] yesterday and without transacting [illegible] business adjourned until next Monday [illegible]

PATENT.—Mr. Harry J. McCormick has received from Washington a patent label for

The Oregon will sail hence to-morrow morning.

The last vestige of snow has vanished from sight.

The holidays are over and everything has settled down again.

The steamer State of California sailed yesterday for Portland.

Send in your orders early for the New Year Daily. It's a magnificent number.

The WEEKLY OREGONIAN is out and can be had for 10 cents a copy at the counter.

This is leap year. While the lamp holds out to burn, the old bachelor may return.

A few more copies of THE DAILY OREGONIAN of Jan. 1, 1880, remain. Price 10 cents.

A. P. Hotaling & Co. are removing to Leonard's new stone block, corner First and A streets.

Henrichsen & Greenberg made the beautiful badge presented to Chief Engineer Jordan. It is an artistic job.

Mr H. J. McCormick has been appointed agent for several popular eastern remedies which he will soon advertise in his usual taking way.

AMUSEMENTS.

THE ILLUSIONISTS.—Thorn & Darvin, according to their advertisement, gave away several hundred toys at the New Year's matinee—the programme for that occasion being adapted to children who enjoyed the performance immensely. The programme was changed in the evening and the same repeated last night. This evening the cabinet business will be thoroughly explained in full light on the open stage. Slade's slate writing will also be exposed as well as "Medium" Tay's coal trick. There will be so much interesting information given this evening that those who avail themselves of the opportunity will be able to become "mediums" on their own account. There will be the usual matinee this afternoon, and to-night these clever gentlemen appear for the last time before a Portland audience. They will pay a professional visit to Puget Sound and Victoria, and on their return will go south as far as Roseburg.

FINE HORSES.

Messrs. Rankin and Stubblefield, of Bloomington, Illinois, arrived here on the steamer Oregon, bringing with them ten of the finest stallions ever seen in this state. The horses are stabled at the corner of Third and Ash streets, and those interested in fine stock will certainly be repaid by seeing them. The lot embraces six draught horses, three coach and carriage horses, and one Kentucky saddle horse. The draught animals were bred in Illinois, and are better adapted to this climate than foreign bred horses. All possess good style and good action. Messrs Rankin and Stubblefield invite all lovers of fine horse flesh to call at the stable and examine the stock. The entire lot is for sale, and the gentlemen in charge are prepared to prove that the horses possess the highest qualities claimed for them.

OREGON RAILWAY NEWS.

A Legal Difficulty Prevents the Company from Building along the Columbia under the Northern Pacific Charter—How it will be Overcome, etc.

The New Northwest, of Philadelphia, a journal devoted to railroad interests in the December number, says:

We have informally heard from New York that negotiations were pending and nearly concluded, between the Oregon Navigation and Railway Company and the Northern Pacific Company, for the construction in joint account of a standard gauge railroad down the Columbia river on the south side from Wallula to The Dalles—the road eventually to be extended to Portland.

The plan substantially agreed on is said to be to build under the Northern Pacific's charter, to use the Northern Pacific's land grant, each company to own the right to half of the use of the road—the Northern Pacific to issue its bonds in aid of construction, the Oregon Company to pay the entire interest on those bonds for two or three years, and after that both companies to pay the interest equally. In the mean time the Oregon Company to have entire use of the road, the rails to be steel and 56 pounds, the Northern Pacific to build from the mouth of Snake down to Wallula where the new road begins, and, after the expiration of the two or three years' term mentioned, both companies to operate the road and share its profits equally. A division of the business coming from territory nearly common to the two is said to have been agreed on.

But it is distinctly understood by the representatives of the Oregon Navigation & Railway Company that the Northern Pacific will not vary or delay its purpose to push its main line across the Cascade mountains from the mouth of the Snake or thereabouts, straight to its terminus and seaport on Puget Sound, Tacoma, and the public can so understand it.

Capt. J. C. Ainsworth, president of the Oregon Railway and Navigation Co., referring to the above item and to one of the same import which was published a few weeks ago in this paper, stated to an OREGONIAN reporter that the negotiations had not been concluded, and probably would remain in statu quo for some time to come. A legal difficulty is in the way which cannot be removed. The grant of the Northern Pacific requires that only American rails be laid, and the Oregon R. & N. Co. have purchased their rails in foreign markets.

However, there will be no delay in the construction of the Oregon R. & N. Co's standard gauge line from Celilo to Wallula next summer. The company will also build a branch from Texas Ferry to the Palouse country a distance of thirty or forty miles.

The present programme is, after the track will have been laid for two or three years, to take up the foreign rails and use them for narrow gauge roads which the Oregon company expect to construct through several rich districts now almost unsettled and non-productive on account of the absence of transportation facilities. The Columbia river line will then be laid with American rails under the Northern Pacific charter.

G. A. R. INSTALLATION.

The public installation of the officers of George Wright Post No. 1, Grand Army of the Republic at their hall, corner First and Taylor streets, last night, was witnessed by a large and cultivated audience. After the regular weekly meeting the following officers were installed by Post Commander Abner Waters: Post Commander, N. S. Pierce; Senior Vice Commander, B. B. Tuttle; Junior Vice Commander, F. M. Sargent; Adjutant, O. Summers; Quartermaster, C. P. Yates; Surgeon, W. D. Palmer; Chaplain, A. E. Borthwick; Officer of the Day, George C. Sears; Sergeant Major, T. A. Jordan; Quartermaster's Sergeant, F. R. Neal. After the installation services, excellent vocal music was rendered by several lady and gentlemen volunteers. Some old army songs were given, in which the audience joined. A soldier's meal, consisting of pork and beans, crackers, coffee, etc., was then served and heartily enjoyed. The following is the list of standing committees of the post for the ensuing year:

Council Administration—B. B. Tuttle, A. E. Borthwick and F. Story.

Bureau of Employment—Geo. C. Sears and F. Story.

Bureau of Relief—Geo. C. Sears and W. S. Newberry.

WEBFOOT AHEAD—REMARKABLE RIFLE SHOOTING.

At the second annual contest just closed at the Pioneer Range, located at the corner of First and Pine streets in this city, at thirty yards; bull's-eye seven eighths of an inch, being a scale for two hundred yards, with graduated targets of cast steel; the bull's eye counting twelve; a score of 48 shots counting a possible of 576, of which Mr. M. F. Spencer made a score of 42 bull's-eyes and six elevens, counting in all 570 out of a possible 576 points, winning the First Prize of $30; L. M. Dyer, score of 563 points, Second Prize, $25; W. F. Gilker, 562 points, Third Prize, $15; J. N. Laubach, 561 points, Fourth Prize, $10; P. M. Edwards, 560 points, Fifth Prize, $5.

The following named gentlemen, who were contestants, have exhibited remarkable skill in rifle shooting: Messrs. I. N. Scott, J. Esser, J. Myrick, C. J. B. Malarkey, R. L. Durham, M. Toby, W. W. Russell, J. J. Pomes, G. W. Rhodes, T. F. Pullen, also Mr. J. H. Thompson and Walter S. Thompson, the latter making a score of 18 consecutive bull's-eyes at the contest one year ago.

Maj. Smith, manager of the Pioneer Shooting Gallery, says that during his experience of eighteen years as manager of Shooting Galleries and Ranges in the east, and south, he has found but few who could compete with the Oregon Riflemen.

DEATH AT THE WHEEL.

The above heading has a startling effect on the nervous, and well should the ladies be posted as to its meaning. It implies nothing more nor less than the SEWING MACHINE. The many machines now in use have had their telling effect in killing off women by the thousand from the heavy, tiresome working of poorly constructed machines. But, a change has come over all of this by the introduction of the now justly celebrated New Wilson, of which John B. Garrison is agent, at 149 Front street, Portland. One trial is convincing proof of their superiority over all others.

WM. SCHEFFLER'S ST. HELENA

SANITARY VACUUM DISTILLED GRAPE BRANDY AND GOOD OLD EDGE HILL WINES.

Mr Scheffler is sole proprietor of the principle known as the vacuum process of distilling, by which the fusil oils are left with the residue and not incorporated with the brandy, leaving it pure and free from all deleterious substances which does and must exist in all alcoholic liquors distilled by the usual process of boiling heat. California Physicians have pronounced their preference of it to all other. Doctor Cox government revenue officer at Cincinnati, Ohio says in his report, that after ten years of close investigation he can safely say that very few, if any, pure wines or brandy are exported from the Old Continent to this. He has found more in his many analyses—that all are doctored before leaving France. The French Consul at Buenos Ayres writes home to his government that so much complaint is made there of the appearance of litharge and other dangerous drugs in all their French wines, that there is great danger of losing the trade of the Argentine States, other proofs could be cited were it necessary, to prove the superiority of the best class of California wines and brandy. Orders from responsible parties, addressed to Wm. Scheffler, or Geo. H. Beach, St. Helena, Napa county, Cal., will receive prompt attention.

Y. M. C. A. ENTERTAINMENT.

The entertainment at the Y. M. C. A. Hall last night was a decided success notwithstanding the postponement and the unpropitious state of the weather. A select and intelligent audience greeted Profs. Warren and Lundberg and Dr. Bird, who had the management of the entertainment. Prof. Warren had charge of the chemical experiments and succeeded in interesting and gratifying the audience.

The first experiment was combustion of wood in oxygen.
2. Charcoal in oxygen.
3. Magnesium wire in air.
4. Magnesium wire in oxygen.
5. Steel spring in oxygen.
6. Of phosphorus in air.
7. In bell jar [illegible] nitrogen.
8. Phosphorus in oxygen.
9. Generation of hydrogen from zinc, water and sulphuric acid, followed by experiment showing the combustible nature of hydrogen.
10. Oscillation and ignition of hydrogen by platinum.
11. Generation of hydrogen from water by means of metallic sodium.
12. Burning metallic potassium in water.

We have never witnessed experiments more successfully performed. Indeed, the professor is quite an expert, and succeeds well in entertaining an audience.

The gathering was then favored by Mrs. C. A. Dolph with an excellent rendition of "The Austrian and Prussian on the Battlefield," was heartily encored and gave a humorous piece "The Dutch Woman vs the American." This lady's ability as an elocutionist is too well and favorably known in Portland to need any commendation from us.

Dr. Bird then favored the audience with a short address in natural history, taking for his subject the crab, in lieu of some performance omitted on account of the absence of the performer.

Mr. Chas. Mills favored the audience with a performance on the "whistleino," which was thoroughly appreciated.

The phonograph was then introduced by Prof. Lundberg. The instrument tried singing, did not succeed as a singist, as it seemed to have a bad cold, tried whistling and succeeded better.

Dr. and Mrs. Bird performed several pieces of music on the crystallino, to the amusement and gratification of the entire audience.

Mrs. C. A. Dolph rendered a piece entitled "The Rumseller's Signboard;" in response to a hearty encore gave a humorous piece entitled "Bridget vs. Chinaman." As a concluding piece Dr. Bird performed on the crystallino "The Last Rose of Summer." Seldom has it been our privilege to enjoy a more pleasant entertainment. The exercises were refined, enlivening and enjoyable.

BUSINESS NOTICES.

SUICIDE.

A distinguished Scientist once said: "No man with a strong, healthy stomach ever committed suicide, yet many suffer the torments of the damned with dyspepsia, when a single bottle of DR. MINTIE'S ENGLISH DANDELION LIVER AND DYSPEPSIA PILLS will give relief, and, if persisted in, cure the worse case of this distressing trouble. This pill cures torpid liver, biliousness, sallow complexion, foul breath, sick headache, heartburn, pain in side and back, removes pimples from the face, regulates the bowels, is sugar-coated and guaranteed purely vegetable. It acts directly on the coating of the stomach and on the liver; is suited to any climate, wet or dry weather. Beware of imitations; genuine has cut of lion (on outside wrapper. Price, 50 cents. Sold by all druggists. Hodge, Davis & Co., Portland, wholesale agents.

How to Save Money.

Instead of going to a doctor, if you have Bright's Disease, Diabetes, pain in back and loins, smarting, inflammation, calculi, brick-dust deposit, or any trouble of the kidneys or bladder, buy a bottle of DR. MINTIE'S NEPHRETICUM, the great Buchu Compound. It is the best prescription ever compounded for these troubles. Abrams & Carroll, Wholesale Druggists, say: "We regard Nephreticum as the best Kidney and Bladder Remedy in the market." Woodward, druggist, Portland, Oregon, says: "Everybody speaks highly of it." Childs, druggist, Portland, says: "Sold lots of it; it always does the work." Many have been cured of obstinate kidney complaints after the doctors gave them up. Sold by all druggists. Price $1 25. Hodge, Davis & Co., Portland, Wholesale Agents.

Sir Astley Cooper's Vital Restorative.

The great English remedy—has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, inability for mental labor, despondency, and such diseases as are induced by youthful follies and excesses, than all other medicines combined.

It is not a stimulant nor excitant, is perfectly safe to take, is not a quack nostrum, and produces results that are wonderful.

Price, $3 a bottle. Four times the quantity, $10. Buy a bottle. It will not disappoint you. Hodge, Davis & Co., wholesale agents.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, Station D, New York City.

CHILDREN FOR ADOPTION.

The ladies of the Relief Society have in their charge at the Home three children to be adopted—one girl of ten years, one boy three years, and one infant boy of one month—all fine children, for whom they would be glad to get good homes. And here the ladies of the Relief Society wish to correct an error which may be in the public mind regarding the Allison family, reported so destitute. They have for a month or more been attended to by these ladies, who have done all in their power for their comfort, furnishing nurses for the sick and dying, food, fuel, and everything that was necessary. This is not mentioned in self praise, or to prevent others from giving to a most worthy cause, but to exonerate the members of this society from any seeming neglect of duty which devolves upon a charitable society.

F. AINSWORTH,
Secretary L. R. S.

REMOVED.

Dr. Fraser has removed his office to rooms 5 and 6, Union block, cor. First and Stark sts.

Masquerade costumes and wigs for rent. Trimmings and masks for sale at Mrs. Chas. Tichnor's, corner First and Yamhill streets. Send stamp for prize list.

By looking to the wants of his customers, Mr. F. G. Abell, the photographer, can and does give thorough satisfaction. One needs but look at his large display to be convinced of this.

EUGENE D. WHITE—Commissioner of deeds, notary public and general conveyancer, 130 First st., Portland, Ogn. All forms of legal documents properly executed and acknowledged for all of the states and territories, including the District of Columbia.

The Northern Pacific Railroad.

Much interest is felt by our people as to the final location of the Western Division of the road, but whether it comes down the Columbia River or goes across the Mountains to Puget Sound, the supply of OREGON KIDNEY TEA will not be affected. Enough was gathered last fall to cure every case of Backache or Kidney Disease in Oregon, and it will do it too.

The Most Unhappy Person in the world is the Dyspeptic. Everything looks dark and gloomy; he feels "out of sorts" with himself and everybody else. Life is a burden to him. This can all be changed by taking Peruvian Syrup (a protoxide of iron). Cases of 27 years standing have been cured by it.

Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles, when an immediate relief can be so readily attained. Boschee's German Syrup has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

White's Prairie Flower.

Taken before retiring, will insure a good night's rest, with an awakening in the early morn to health, courage and vigor. For coated tongue, bad breath, sick headache, or any disturbance arising from dyspepsia or torpid liver, it is without a peer. Its action on disease is entirely different from any medicine ever introduced, quitting pains almost instantly. The hue and cry raised against it by patent medicine men, who have foreseen in its advent the destruction of their nefarious business, and the thousands of unsolicited testimonials flowing in from all parts of the New World, is a sure indication of its great merits. Trial size at all Drug Stores. Half pound bottles 75 cents.

WOODWARD, McQUISTON & BRADSHAW

Have determined to clear out the remainder of their stock of

WINTER AND FANCY DRY GOODS

At an unprecedented sacrifice, previous to taking stock. While other merchants, after business hours, were enjoying the comforts of home or sleeping on the pillows of down, we were hard at work up to the wee small hours of morning reducing and re-marking our entire stock. We wish to impress on the inhabitants of Portland and surrounding country that we have not made reductions in the way usually adopted by merchants, as marking down a few well known classes of goods, such as Muslins, Sheetings, Canton Flannels, Calicoes, etc., in order to throw out a bait to the unwary and impress them with the idea that their whole stock is reduced in like manner, but will in reality make more than what they lose on the baits. Not so with us. We have taken Department after Department, piece after piece, and made the pen of reduction sweep through them as chaff before the wind. Remember,

This Sale will Only Last for Twenty Days,

As at the end of that time we take stock, and we must have room for our immense Spring stock, which will commence to arrive immediately after.

We invite special attention to the following

KEATING'S COUGH LOZENGES, THE Great British Remedy. There is unquestionably no other remedy so certain in its effects. ASTHMA, WINTER COUGH, BRONCHITIS and DISORDERS OF THE THROAT alike yield to its influence. The highest medical testimony states no better cure for these complaints exists (now proved by over half a century's experience.) They contain no opium, morphia, or any violent drug. KEATING'S COUGH LOZENGES, prepared by THOMAS KEATING, London, Britain, are sold by all chemists. [illegible]

An Interview with Jones.

SAN FRANCISCO, Dec. 31.—Regarding the alleged interview in the east with Senator Jones which went the rounds of the papers and in which he is represented as saying that the Comstock was played out, and that Colorado afforded a much better field for mining operations than Nevada, a reporter of the Gold Hill *News* to-day interviewed Jones on the subject. The senator declared that he had no recollection of ever having been interviewed at all on the subject, and certainly never expressed such a sentiment as that interviewer attributed to him. He was sure of this because he never entertained such sentiments, and a man would not be likely to misrepresent himself. As to the present prospects of the Comstock Jones said, I have firm belief that this next year will be prolific in important developments, and that they will be made at various points. The outlook was never more hopeful.

The Yield of Precious Metals.

SAN FRANCISCO, Jan. 2.—Wells Fargo & Co.'s annual circular, giving the product of precious metals west of the Missouri river, including British Columbia (and receipts in San Francisco by express from the west coast of Mexico) during 1879, shows an aggregate product as follows:

Gold	$32,539,920
Silver	38,623,812
Lead	4,185,769

The gross result is less by $5,805,121 than for 1878.

California shows a decrease in gold of $149,342, and in silver of $589,146.

Nevada shows a total falling off of $13,184,235, yield from Comstock being only $8,830,562 as against $21,295,043 for 1878. The product of Eureka district is $5,859,261 as against $6,981,406 for 1878.

Utah shows a falling off of $595,731.

Colorado shows an increase of over $8,000,000, chiefly from Leadville district. It has been exceedingly difficult to arrive at the actual production of Leadville, two of the most reliable reports varying more than $2,000,000. The report adopts an average.

Dakota shows an increase of $993,183.

A Defaulter.

SAN FRANCISCO, Jan. 2.—Gideon M. Berry, book-keeper for ex-Sheriff Nunan, has been missing one day, and as he still retained control of considerable unfinished business of the sheriff's office it was decided to-day to obtain entrance to the safe devoted to such business, and see if any defalcation had occurred. On opening the safe it was found that cash to the amount of $16,000 to $18,000 was missing. It has also been discovered that since the new sheriff went into office Berry has been selling property on the sheriff's account and putting the money in his pocket, and has also appropriated $1000 that he had been ordered to turn over to the 12th district court. Another strange feature of the case is that the bonds of the sheriff's deputies are not to be found, and it is stated that Berry's bond was not renewed on his reappointment two years ago.

Suspension.

SACRAMENTO, Jan. 2.—The Capital Savings bank suspended this morning. The bank is said to be solvent but purposes going out of business, and promises to pay the first dividend of 10 per cent. on principal to depositors on the 10th inst., and on the same day 4 per cent. on the interest account for the last six months. Other payments will be made as assets are realized.

A New Year's Spree.

NAPA, Jan. 2.—There was a shocking accident on the railroad three miles above this place last night. A wagon drawn by two mules in which were three drunken Germans was crossing or standing on the track, as the up train neared the crossing on its way to Calistoga, and being run into, the men were thrown out and terribly mutilated. One was killed outright, another probably fatally injured, and the third sustaining a fracture of the skull. The man killed had both legs cut off, one arm broken, and the legs of the second were horribly mashed.

WASHINGTON TERRITORY.

Steamboat Statistics.

SEATTLE, Jan. 1.—According to the report of the Puget Sound board of U. S. inspectors of hulls, forwarded to the department to-day, there are 32 steamers, with an aggregate tonnage of 442,826 tons, licensed to carry passengers on the Sound, and six steamers of 16,726 tons licensed to carry freight and tow. During the past year eight steamers of 74,063 tons have gone off the record of the local board of inspectors; 48 licenses have been issued to masters, 10 to mates, 4 to pilots, 31 to chief engineers and 10 to second engineers engaged in the Puget Sound steam marine.

The Skagit Mines.

SEATTLE, Jan. 1.—L. S. Stevens, who arrived to-day from the Skagit gold mines via Mount Vernon and LaConner, states that snow was from four to five feet deep over the route from the portage to Ruby creek. Large numbers of men are constantly arriving and locating claims. No work, however, has been done in the mines since the 1st of November with the exception of a little crevicing. Several rich quartz leads have recently been discovered, one of which is located at the portage at the head of navigation. Mr. Stevens and a party of four others have taken up 400 acres of unsurveyed government land on the beach half a mile below the portage for a town site, to be called Portage City, on which they propose to commence the construction of a wharf and buildings next week. The steamer *Chehalis* is expected to leave here Monday, taking up the necessary tools and materials. The Skagit river, at the time Mr. Stevens left, was entirely free of ice for 100 miles above the mouth. Active operations will be commenced in the mines, he states, by the 1st of March.

Facilities for Reaching Skagit.

PORT TOWNSEND, Jan. 1.—Arrangements are being perfected here to secure a commodious steamer to meet ocean steamers on their arrival from California and take passengers from this place direct to the head of navigation on Skagit river. By this arrangement parties desirous of visiting the newly-discovered gold mines will avoid unnecessary delay and loss of time, as the distance to Laconner on the north fork of the Skagit river is only 56 miles, making this the shortest route for Californians by one-half.

From Olympia.

Advices from Olympia report the death on the 29th ult., of Mrs. Samuel Stork, after a long illness; also that a shooting affray occurred in that city on the 30th between Alex. Hamilton and David Cook, the latter receiving a pistol ball in the groin. His recovery is anticipated.

Rough Passage.

SEATTLE, Jan. 2.—The ship *Yosemite*, Capt. Saunders, arrived here yesterday, 19 days from San Francisco. The ship encountered heavy southwest gales outside and the captain reports the weather for the passage the roughest he has experienced on this coast for twelve years.

BRITISH COLUMBIA.

A Thaw.

VICTORIA, Jan. 1.—A thaw has set in and ice and snow are disappearing.

Shipping Matters.

VICTORIA, Jan. 1.—The steamship *Dakota* sailed at noon to-day. Among the passengers Vice Admiral Prevost and Hon. G. A. Walker and bride.

The bark *Mary G. Reed*, laden with South Wellington coal for San Francisco, passed down yesterday.

The bark *Don Nicholas*, bound for Departure Bay for a cargo of coal for San Francisco, was towed up on Sunday afternoon.

The bark *Germania* is loading at the Wellington mine and will be ready for sea about Thursday next. She also is bound for San Francisco.

At South Wellington the bark *Penang* is receiving her cargo. She will be ready for sea Saturday next.

The British bark *Pride of England*, laden with lumber and spars from Moody & Co.'s mill and bound for Calcutta, is ready for sea.

"Just now, in at Smith's," said Jones, his face flushed with the proud consciousness of a good deed done, "my honesty had a severe strain. A fellow went out just as I came in, and I noticed he left half a dollar of his change on the counter. My first thought was to pocket it. Sorry to say it, boys, but it is a fact. I didn't though, thank heaven! No; I just put my fingers near it when Smith handed me my cigars, and by a curious coincidence, it was just the right change. Seemed sort o' providential, didn't it? Yes," he continued, "there's no doubt about it—honesty is the best policy."—*Boston Transcript.*

ONE COLD IS SOMETIMES CONTRACTED ON TOP OF ANOTHER, the accompanying Cough becoming settled and confirmed and the Lungs so strained and racked that the production of tubercles frequently follows. Many existing cases of pulmonary disease may be thus accounted for, and yet how many others are now carelessly allowing themselves to drift through the preliminary symptoms controlled by the fatal policy of allowing a Cold to take care of itself. On the first intimation of a Cough or Cold or any Throat or Lung trouble, resort promptly to Dr. Jayne's Expectorant, a safe curative of long established reputation, and you may avoid the consequences of such dangerous trifling. Sold by *Hodge, Davis & Co., Portland, Or.*

THE NORTHWEST.

The taxation valuation of Wasco county is $2,262,570.

Rumor has it that The Dalles is to have two daily papers.

Weston *Leader*: Look out for a red hot republican paper in Baker City, soon.

Wanted, at Wallowa valley, a store at which one can get for cash a fair article at a reasonable price.

The snow was 14 inches deep, and the thermometer 24° below zero in Grant county on the 27th ult. The Grant county *News* says that if the weather continues six weeks 20,000 head of cattle will die in that county of starvation.

As an evidence of the settling of Wasco county, the *Inland Empire* publishes the following list of lands entered at the land office in The Dalles, for Wasco. Total acres homestead entry, 15,256; total acres pre-emption, 34,400; total acres, timber act, 8731; grand total in acres, 61,217.

The Weston *Leader* reports that four men, encamped near the foot of the Blue mountains, were recently driven from their camp by two drunken Indians with knives. The men returned after a while, but before arriving at their camp, hearing Indian yells, ran away the second time. They returned next morning with some other men and found the Indians gone.

Southern Oregon.

Mining is almost suspended in southern Oregon.

The thermometer got to 6° below zero at Jacksonville last week.

Fred. Birdsey, of Jackson county, lost 100 head of sheep, they being snowed in and lost.

The Jacksonville races which were to have taken place on the 24th and 25th ult., have been postponed until May 13, 14 and 15.

The youngest child of M. W. Dillon, of Jacksonville, a girl of about three years, narrowly escaped death last Saturday by poisoning from matches that were lying on the mantel-piece, and which she reached by means of a chair.

The printers' hunt at Albany resulted in a victory for Van Cleve's side by a majority of 1329 over Brown.

The entertainment of the Young Ladies Brass Band of Albany last Tuesday resulted in netting $100 to the female tooters.

Henry Kelso, of Washington county, was bound over in the sum of $200 to await the action of the grand jury on a charge of seduction.

Western Washington.

Phelix Ploux lost 600,000 feet of logs by the breaking of a boom on Little Skookum bay.

Amos Brown's logging camp, near Olympia, was burned a few days ago by catching from boards about the chimney; loss, $800.

There are 29 Indian taxpayers in Yakima county, 33 in Clarke county, 50 in Thurston, and 155 in other portions of this territory. These taxes are paid mainly on land.

Around Boisfort prairie and on Lincoln creek, as well as at various other points on the upper Chehalis, there is room for many settlers, where they would be within twenty miles of a railroad, and a few miles of navigable water on that river, as soon as it is opened to navigation by the removal of the jams.

Eastern Washington.

The money order business at the Colfax postoffice amounts to about $100,000 a year.

The following officers were elected in Spokan county at the recent election: Sheriff, N. F. Tappen; auditor, J. M. Nosler; treasurer, A. M. Cannon; probate judge, J. E. Labrie; commissioners, John Roberts and T. E. Jennings.

HALL'S VEGETABLE SICILIAN HAIR RENEWER is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It makes the scalp white and clean. It cures dandruff and humors and falling out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and officially indorsed by the State Assayer of Massachusetts. The popularity of Hall's Hair Renewer has increased with the test of many years both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world. For sale by all dealers. Hodge, Davis & Co., Portland, wholesale agents.

FOLLIES OF YOUTH.

Such as SPERMATORRHEA, or SEMINAL WEAKNESS, or LOSS OF PERFECT VITALITY. Nearly two thirds of all the Chronic Diseases spring, either directly or indirectly, from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit their disease to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

KING OF THE BLOOD

THE MOST THOROUGH PURIFIER OF THE BLOOD YET DISCOVERED.

Cures all Humors, from a Common Eruption to the Worst Scrofula.

It purifies the Blood.
It invigorates the Liver.
It regulates the Bowels.
It strengthens the Stomach.

It gives vivacity in place of lassitude; cheerfulness in place of gloom, and robust vigor in place of debility.

Dyspepsia, Biliousness, Disordered Liver, Constipation, Nervous Affections, General Debility, in short all the numerous diseases and discomforts caused by impure blood are speedily conquered by this powerful corrector, the chief and sovereign of all ancient or modern medical discoveries—KING OF THE BLOOD.

ITS NAME IS ITS BEST DESCRIPTION, as it is a royal dispenser of the blessings of health, and vanquishes the foes that lurk in the blood.

It banishes PIMPLES, SALT RHEUM, SCALY ERUPTIONS, ULCERS, SCALD HEAD, FEVER SORES and all SCROFULOUS DISORDERS.

It checks CONSUMPTION in its early stages. It has frequently cured it when advanced.

It disperses TUMORS and CANCERS without the Surgeon's knife.

It cures DROPSY, general or partial.

It cures FEMALE WEAKNESS and DISEASE.

It reduces in a safe and effectual manner all swellings, external or internal.

It eradicates the effects of Mineral Poisons, and establishes a sound constitution.

Many certificates, much further information and full directions for using, will be found in the pamphlet, "Treatise on Diseases of the Blood," in which each bottle is enclosed.

Price $1 per bottle containing 2 ounces, or 40 to 50 doses. Sold by Dealers in medicine.

An Interview with Jones.

SAN FRANCISCO, Dec. 31.—Regarding the alleged interview in the east with Senator Jones which went the rounds of the papers, and in which he is represented as saying that the Comstock was played out, and that Colorado afforded a much better field for mining operations than Nevada, a reporter of the Gold Hill *News* to-day interviewed Jones on the subject. The senator declared that he had no recollection of ever having been interviewed at all on the subject, and certainly never expressed such a sentiment as that interviewer attributed to him. He was sure of this because he never entertained such sentiments, and a man would not be likely to misrepresent himself. As to the present prospects of the Comstock Jones said, I have firm belief that this next year will be prolific in important developments, and that they will be made at various points. The outlook was never more hopeful.

The Yield of Precious Metals.

SAN FRANCISCO, Jan. 2.—Wells Fargo & Co.'s annual circular, giving the product of precious metals west of the Missouri river, including British Columbia (and receipts in San Francisco by express from the west coast of Mexico) during 1879, shows an aggregate product as follows:

Gold	$32,589,920
Silver	38,623,812
Lead	4,185,769

The gross result is less by $5,805,121 than for 1878.

California shows a decrease in gold of $119,342, and in silver of $589,146.

Nevada shows a total falling off of $13,184,236, yield from Comstock being only $8,830,562 as against $21,295,043 for 1878. The product of Eureka district is $5,859,261 as against $6,981,406 for 1878.

Utah shows a falling off of $595,734.

Colorado shows an increase of over $8,000,000, chiefly from Leadville district. It has been exceedingly difficult to arrive at the actual production of Leadville, two of the most reliable reports varying more than $2,000,000. The report adopts an average.

Dakota shows an increase of $993,183.

A Defaulter.

SAN FRANCISCO, Jan. 2.—Gideon M. Berry, book-keeper for ex-Sheriff Nunan, has been missing one day, and as he still retained control of considerable unfinished business of the sheriff's office it was decided to-day to obtain entrance to the safe devoted to such business, and see if any defalcation had occurred. On opening the safe it was found that cash to the amount of $15,000 to $18,000 was missing. It has also been discovered that since the new sheriff went into office Berry has been selling property on the sheriff's account and putting the money in his pocket, and has also appropriated $1600 that he had been ordered to turn over to the 12th district court. Another strange feature of the case is that the bonds of the sheriff's deputies are not to be found, and it is stated that Berry's bond was not renewed on his reappointment two years ago.

Suspension.

SACRAMENTO, Jan. 2.—The Capital Savings bank suspended this morning. The bank is said to be solvent but purposes going out of business, and promises to pay the first dividend of 10 per cent. on principal to depositors on the 10th inst., and on the same day 4 per cent. on the interest account for the last six months. Other payments will be made as assets are realized.

A New Year's Spree.

NAPA, Jan. 2.—There was a shocking accident on the railroad three miles above this place last night. A wagon drawn by two mules in which were three drunken Germans was crossing or standing on the track, as the up train neared the crossing on its way to Calistoga, and being run into, the men were thrown out and terribly mutilated. One was killed outright, another probably fatally injured, and the third sustaining a fracture of the skull. The man killed had both legs cut off, one arm broken, and the legs of the second were horribly mashed.

WASHINGTON TERRITORY.

Steamboat Statistics.

SEATTLE, Jan. 1.—According to the report of the Puget Sound board of U. S. inspectors of hulls, forwarded to the department to-day, there are 32 steamers, with an aggregate tonnage of 442,826 tons, licensed to carry passengers on the Sound, and six steamers of 18,726 tons licensed to carry freight and tow. During the past year eight steamers of 74,063 tons have gone off the record of the local board of inspectors, 48 licenses have been issued to masters, 19 to mates, 4 to pilots, 31 to chief engineers and 19 to second engineers engaged in the Puget Sound steam marine.

The Skagit Mines.

SEATTLE, Jan. 1.—L. S. Stevens, who arrived to-day from the Skagit gold mines via Mount Vernon and LaConner, states that snow was from four to five feet deep over the route from the portage to Ruby creek. Large numbers of men are constantly arriving and locating claims. No work, however, has been done in the mines since the 1st of November with the exception of a little crevicing. Several rich quartz leads have recently been discovered, one of which is located at the portage at the head of navigation. Mr. Stevens and a party of four others have taken up 400 acres of unsurveyed government land on the beach half a mile below the portage for a town site, to be called Portage City, on which they propose to commence the construction of a wharf and buildings next week. The steamer *Chehalis* is expected to leave here Monday, taking up the necessary tools and materials. The Skagit river, at the time Mr. Stevens left, was entirely free of ice for 100 miles above the mouth. Active operations will be commenced in the mines, he states, by the 1st of March.

Facilities for Reaching Skagit.

PORT TOWNSEND, Jan. 1.—Arrangements are being perfected here to secure a commodious steamer to meet ocean steamers on their arrival from California and take passengers from this place direct to the head of navigation on Skagit river. By this arrangement parties desirous of visiting the newly-discovered gold mines will avoid unnecessary delay and loss of time, as the distance to Laconner on the north fork of the Skagit river is only 56 miles, making this the shortest route for Californians by one-half.

From Olympia.

Advices from Olympia report the death on the 29th ult. of Mrs. Samuel Stork, after a long illness; also that a shooting affray occurred in that city on the 30th between Alex. Hamilton and David Coak, the latter receiving a pistol ball in the groin. His recovery is anticipated.

Rough Passage.

SEATTLE, Jan. 2.—The ship *Yosemite*, Capt. Saunders, arrived here yesterday, 19 days from San Francisco. The ship encountered heavy southwest gales outside and the captain reports the weather for the passage the roughest he has experienced on this coast for twelve years.

BRITISH COLUMBIA.

A Thaw.

VICTORIA, Jan. 1.—A thaw has set in and ice and snow are disappearing.

Shipping Matters.

VICTORIA, Jan. 1.—The steamship *Dakota* sailed at noon to-day. Among the passengers Vice Admiral Prevost and Hon. G. A. Walker and bride.

The bark *Mary G. Reed*, laden with South Wellington coal for San Francisco, passed down yesterday.

The bark *Don Nicholas*, bound for Departure Bay for a cargo of coal for San Francisco, was towed up on Sunday afternoon.

The bark *Germania* is loading at the Wellington mine and will be ready for sea about Thursday next. She also is bound for San Francisco.

At South Wellington the bark *Penang* is receiving her cargo. She will be ready for sea Saturday next.

The British bark *Pride of England*, laden with lumber and spars from Moody & Co.'s mill and bound for Calcutta, is ready for sea.

"Just now, in at Smith's," said Jones, his face flushed with the proud consciousness of a good deed done, "my honesty had a severe strain. A fellow went out just as I came in, and I noticed he left half a dollar of his change on the counter. My first thought was to pocket it. Sorry to say it, boys, but it is a fact. I didn't though, thank heaven! No; I just put my fingers near it, when Smith handed me my cigars, and by a curious coincidence, it was just the right change. Seemed sort o' providential, didn't it? Yes," he continued, "there's no doubt about it; honesty is the best policy."—*Boston Transcript.*

ONE COLD IS SOMETIMES CONTRACTED ON TOP OF ANOTHER, the accompanying Cough becoming settled and confirmed and the Lungs so strained and racked that the production of tubercles frequently follows. Many existing cases of pulmonary disease may be thus accounted for, and yet how many others are now carelessly allowing themselves to drift through the preliminary symptoms controlled by the fatal policy of allowing a Cold to take care of itself. On the first intimation of a Cough or Cold or any Throat or Lung trouble, resort promptly to Dr. Jayne's Expectorant, a safe curative of long established reputation, and you may avoid the consequences of such dangerous trifling. *Sold by Hodge, Davis & Co., Portland, Or.*

The taxation valuation of Wasco county is $2,262,570.

Rumor has it that The Dalles is to have two daily papers.

Weston *Leader*: Look out for a red hot republican paper in Baker City, soon.

Wanted, at Wallowa valley, a store at which one can get for cash a fair article at a reasonable price.

The snow was 14 inches deep, and the thermometer 24° below zero in Grant county on the 27th ult. The Grant county *News* says that if the weather continues six weeks 20,000 head of cattle will die in that county of starvation.

As an evidence of the settling of Wasco county, the *Inland Empire* publishes the following list of lands entered at the land office in The Dalles, for Wasco: Total acres homestead entry, 18,286; total acres pre-emptions, 34,490; total acres timber act, 8531; grand total in acres, 61,217.

The Weston *Leader* reports that four men, encamped near the foot of the Blue mountains, were recently driven from their camp by two drunken Indians with knives. The men returned after a while, but before arriving at their camp, hearing Indian yells, ran away the second time. They returned next morning with some other men and found the Indians gone.

Southern Oregon.

Mining is almost suspended in southern Oregon.

The thermometer got to 6° below zero at Jacksonville last week.

Fred. Birdsey, of Jackson county, lost 100 head of sheep, they being snowed in and lost.

The Jacksonville races which were to have taken place on the 24th and 25th ult., have been postponed until May 13, 14 and 15.

The youngest child of M. W. Dillon, of Jacksonville, a girl of about three years, narrowly escaped death last Saturday by poisoning from matches that were lying on the mantel-piece, and which she reached by means of a chair.

Salem has 37 old maids.

The printers' hunt at Albany resulted in a victory for Van Cleve's side by a majority of 1329 over Brown.

The entertainment of the Young Ladies Brass Band of Albany last Tuesday resulted in netting $100 to the female tooters.

Henry Kelso, of Washington county, was bound over in the sum of $200 to await the action of the grand jury on a charge of seduction.

Western Washington.

Phelix Ploux lost 300,000 feet of logs by the breaking of a boom on Little Skookum bay.

Amos Brown's logging camp, near Olympia, was burned a few days ago by catching from boards about the chimney; loss, $800.

There are 29 Indian taxpayers in Yakima county, 33 in Clarke county, 50 in Thurston, and 155 in other portions of this territory. These taxes are paid mainly on land.

Around Boisfort prairie and on Lincoln creek, as well as at various other points on the upper Chehalis, there is room for many settlers, where they would be within twenty miles of a railroad, and a few miles of navigable water on that river, as soon as it is opened to navigation by the removal of the jams.

Eastern Washington.

The money order business at the Colfax postoffice amounts to about $100,000 a year.

The following officers were elected in Spokan county at the recent election: Sheriff, N. F. Tappen; auditor, J. M. Nosler; treasurer, A. M. Cannon; probate judge, J. E. Labrie; commissioners, John Roberts and T. E. Jennings.

HALL'S VEGETABLE SICILIAN HAIR RENEWER is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It makes the scalp white and clean. It cures dandruff and humors and falling out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and officially indorsed by the state Assayer of Massachusetts. The popularity of Hall's Hair Renewer has increased with the test of many years both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world. For sale by all dealers. Hodge, Davis & Co., Portland, wholesale agents.

FOLLIES OF YOUTH,

Such as SPERMATORRHEA, or SEMINAL WEAKNESS, or LOSS OF PERFECT VITALITY. Nearly two thirds of all the Chronic Diseases spring, either directly or indirectly, from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit these diseases to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

KING OF THE BLOOD
THE MOST THOROUGH PURIFIER OF THE BLOOD YET DISCOVERED.
Cures all Humors, from a Common Eruption to the Worst Scrofula.
It purifies the Blood.
It invigorates the Liver.
It regulates the Bowels.
It strengthens the Stomach.
It gives vivacity in place of lassitude; cheerfulness in place of gloom, and robust vigor in place of debility.
Dyspepsia, Biliousness, Disordered Liver, Constipation, Nervous Affections, General Debility, in short all the numerous diseases and discomforts caused by impure blood are speedily conquered by this powerful corrector, the chief and sovereign of all ancient or modern medical discoveries—KING OF THE BLOOD.
ITS NAME IS ITS BEST DESCRIPTION, as it is a royal dispenser of the blessings of health, and vanquishes the foes that lurk in the blood.
It banishes PIMPLES, SALT RHEUM, SCALY ERUPTIONS, ULCERS, SCALD HEAD, FEVER SORES and all SCROFULOUS DISORDERS.
It checks CONSUMPTION in its early stages. It has frequently cured it when advanced.
It disperses TUMORS and CANCERS without the Surgeon's knife.
It cures DROPSY, general or partial.
It cures FEMALE WEAKNESS and DISEASE.
It reduces in a safe and effectual manner all swellings, external or internal.
It eradicates the effects of Mineral Poisons, and establishes a sound constitution.
Many certificates, much further information and full directions for using, will be found in the pamphlet, "Treatise on Diseases of the Blood" in which each bottle is enclosed.
Price $1 per bottle containing 12 ounces, or 40 to 50 doses. Sold by Dealers in medicine.
